

## Safer Internet Day – 2021: Resource Sheet.

### An internet we trust: exploring reliability in the online world

This year we are bringing Safer Internet Day to you via Zoom and it's all been pre-recorded. The theme this year is all around [critical thinking](#) and encouraging young people to challenge what they see on the internet - from the news to videos on TikTok. In order to make the most of the programme, have a look at the Safer Internet Day [resources](#) for 2021. **To access the session please follow the [link](#) and enter the code: 8IDxW&95**

#### Safer Internet Day 2021 – Workshop Resources

Accompanying the video are a number of resources that are relatively new, and also some guidance on their use. We would also ask that schools and professionals have a look in order to help safeguard young people online.

- Safer Internet Day 2021 [Resources](#)
- [Updated sexting guidance – Sharing nudes and semi-nudes](#) the section describing how to respond to an incident is especially helpful for schools
- [The Exchange – No subject if off limits](#)
  - The Exchange is a new web series, exploring subjects that matter to young people in a direct, engaging and informative way. The Exchange aims to provide positive online education via social media in order to promote healthy offline relationships. Each of the topics are linked to the national PSHE (Personal, Social, Health and Economic Education) curriculum, and aimed at the 13-16 year old age range.
- Internet Matters – Connecting Safely Online: [Supporting children with SEND Online](#)
- Internet Matters – [Inclusive Digital Literacy](#): online safety advice, and guidance to support parents & professionals who work with children and young people experiencing vulnerabilities.
- [Project Evolve](#) – Interactive resources via an Education for a Connected World Designed to help your school or organisation embed online safety into the curriculum.
- [Trust me](#) – Resources to support schools and teachers to deliver critical thinking from Childnet International
- In Their Own Words – [The Digital Lives of Schoolchildren](#)

#### Support for parents and carers

- [TikTok YouTube video](#) we now have a YouTube channel and our first video is advising parents and carers on how to safeguard young people on the popular social media app.
- [Internet Matters](#) – Great advice for parents and carers ranging from school closures to online safety.
